February is the only month to have a length of fewer than 30 days! Though it's usually 28 days, February is 29 days long in leap years such as 2020. February is National Cherry Month- Cherries are drupes, or stone fruits, related to plums and more distantly to peaches and nectarines. Michigan has almost 4 million cherry trees, producing about 150-200 pounds of tart cherries on each tree.
