

April 2, 2020

Dear Parents,

We are working to help make our process of getting information to you, and back to the school, as easy as possible. We want to keep everyone safe and healthy. When your child finishes their packet, instead of bringing it back to the school, you also have the option of taking a picture of the finished pages and emailing them or messaging them to your teacher. You can send the pictures to your teacher's DOJO or school email. In addition, we are still here at the school for you to come by and get your packets or drop them off. We hope these options will help you.

Grading for 4th quarter is going to be an overall pass/fail. Your teacher is recording assignments (work packets) and participation in online instruction. The goal is to keep your child working and engaged. We know that this can be a stressful time for everyone and we are here to help you. If your student was on track to pass, then this quarter they should continue working on materials provided and engage in the teacher online discussions as much as possible. If your student was struggling, they can use this time to help improve in the areas they needed.

Whatever barriers you may have, we can provide solutions whether it is alternative assignments or methods of support. If online programs and packets don't work, we can provide additional options that better meet your needs.

Stay Safe, We Miss You!

Jackie Trujillo
